

2024 REPORT ON JUDICIALLY MANAGED ACCOUNTABILITY AND RECOVERY COURTS

G.S. 7A-801

PREPARED BY
NORTH CAROLINA ADMINISTRATIVE OFFICE OF THE COURTS
MARCH 1, 2024

About the North Carolina Judicial Branch

The mission of the North Carolina Judicial Branch is to protect and preserve the rights and liberties of all the people as guaranteed by the Constitutions and laws of the United States and North Carolina by providing a fair, independent and accessible forum for the just, timely and economical resolution of their legal affairs.

About the North Carolina Administrative Office of the Courts

The mission of the North Carolina Administrative Office of the Courts is to provide services to help North Carolina's unified court system operate more efficiently and effectively, taking into account each courthouse's diverse needs, caseloads, and available resources.

Introduction

G.S. 7A-801 requires the North Carolina Administrative Office of the Courts (NCAOC) to submit a report on the status of judicially managed accountability and recovery courts. Specifically, G.S. 7A-801, as updated by S.L. 2023-134, provides as follows:

§ 7A-801. Monitoring and annual report.

The Administrative Office of the Courts shall monitor all local judicially managed accountability and recovery courts, prepare an annual report on the implementation, operation, and effectiveness of the State judicially managed accountability and recovery court program, and submit the report to the chairs of the House and Senate Appropriations Committees on Justice and Public Safety by March 1 of each year. Each judicially managed accountability and recovery court and any court authorized to remain a drug treatment court under G.S. 7A-802, shall submit evaluation reports to the Administrative Office of the Courts as requested.

The North Carolina Administrative Office of the Courts (NCAOC) respectfully submits this report pursuant to this legislative mandate.

Legislative History

G.S. 7A-801 was originally established by S.L. 1995-507, s.21.6(a), as a legislative mandate for NCAOC to report to the General Assembly an effectiveness comparison of pilot drug treatment programs in the state. The statute, while maintaining its original heading of “Plan for evaluation,” was first amended by S.L. 1998-212, s.16.15(a), to slightly alter its requirement to report on the ongoing evaluations of all local drug treatment court programs. G.S. 7A-801 was further amended by S.L. 2007-393, s.14, to i) update its heading to, “Monitoring and annual report,” ii) remove any previous requirement for NCAOC to develop a statewide drug treatment court model, and iii) narrow the mandate to monitoring only “State-recognized and funded” local drug treatment courts. In 2011, state funds were withdrawn from drug treatment court operations, thereby suspending NCAOC’s reporting requirements under G.S. 7A-801.

Session Law 2021-180, s.16.5(b), officially reestablished State-recognized and funded treatment courts by directing state appropriations to seven counties for the implementation of pilot programs, and s.16.5(a) updated the naming convention for all treatment courts to “judicially managed accountability and recovery courts,” subsequently referred to as “JMARC.” G.S. 7A-801 was again amended by S.L. 2023-134, s.16.6(a), to repeal the requirement that the annual report include only “State-recognized and funded” JMARC, and instead require the inclusion of all JMARC, regardless of original funding source.

Current Judicially Managed Accountability and Recovery Courts (JMARC)

This survey covered a reporting period of October 2023 (the effective date of S.L. 2023-134, s.16.6) through December 2023. The ensuing responses includes data only from the JMARC actively serving participants during the survey reporting period, and are grouped by recovery court type first (Adult, Mental Health, DWI, Veterans, Family, and Youth), and then by county. The data are reported as submitted with only minor typographical edits made.

Adult JMARC's

County	Avery	Beaufort	Brunswick	Buncombe
Court Name	Avery County Recovery Court	District 2 Recovery Court	Brunswick County Drug Treatment Court	Buncombe County Adult Drug Treatment Court
Date of Implementation	2005	March 2020	February 2008	December 2020
Length of Operation	10+ years	2-5 years	10+ years	10+ years
Does your court have JMARC Advisory Committee?	Yes	Yes	No	Yes
Does your court allow the use of MAT or MOUD?	Yes	Yes	Yes	Yes
Has your team attended trainings?	Yes	Yes	Yes	Yes
Has your court completed a recidivism study?	No	No	Yes	Yes
If yes, what were the results?	N/A	N/A	N/A	Participants had a lower recidivism rate compared to individuals of the same offenses that didn't come through the program.
Has your court completed a cost savings study?	No	No	Yes	No
If yes, what were the results?	N/A	N/A	N/A	N/A
How is your court funded?	The program is coordinated by a non-profit (Mediation & Restorative Justice Center) and is funded half with County funds, and smaller amounts from the High-Country Charitable Foundation and High-Country United Way. We have a funding gap this year due to reduced grant amounts.	Our court is funded through grants and donations at this time.	Federal and county funds.	Grant and county funds.
If funding is time-limited, when will it end?	N/A	July 2024	October 2028	2027
What screening and assessment tools are you using in your court?	Eligibility Screening Instrument and Intake (Used to be coordinated with the state MIS) Mental Health Provider CCA Probation RNA	Our treatment provider uses the ASAM which assist us with determining the needs of our participants. Our Community Supervision partners utilize the Offenders Traits Inventory (OTI), which assist us with determining the risk level of our participants.	ASI- Addiction Severity Index ACES-Adverse Childhood Experience RNA- Risk Needs Analysis GPRA- Government and Performance Results Act	Risk and Needs Triage (RANT)

Has your team attended trainings?	Yes	Yes	Yes	Yes
Has your court completed a recidivism study?	No	No	Yes	No

County	Durham	Forsyth	Gaston	Greene
If yes, what were the results?	N/A	N/A	For the original participants that participated in the program, recidivism stats were checked a year after they left the program. Half of the participants had not been charged with any new offense.	N/A
Has your court completed a cost savings study?	No	No	No	No
If yes, what were the results?	N/A	N/A	N/A	N/A
How is your court funded?	Through our county Alcohol Beverage Commission (ABC). We have to reapply every year.	The Court Coordinator position is a state employee (Deputy Clerk) appointed by the Clerk of Superior Court. The DRTC has the direct support of the non-profit, Phoenix Rising, to fund program operations. This includes drug testing, conference attendance, assessment fees, graduation costs, incentives, and support to participants. Phoenix Rising is funded through Community Agency grants from the city of Winston-Salem, and through donations/fundraisers.	The Program Coordinator is funded through the Gaston County Police Department.	AARC was initially funded through JMARC funds, and we continue to spend down these remaining funds. We also applied for and were granted a Federal BJA grant in the amount of \$700,000 which will fund the program for the next four years. We also receive local funds through the ABC board in Lenoir and Wayne counties.
If funding is time-limited, when will it end?	July 2024	June 2024	N/A	September 2026
What screening and assessment tools are you using in your court?	We just purchased the Level of Service-case management inventory (LS/CMI). Before we created a simple screening interview questions and used the SASSI. After creating a time task plan from our foundational training, the risk/needs tool was a top priority after receiving more grand funding.	SASSI, SOCRATES, adoption by Full Life of the NC DWI Assessment form.	N/A	ACES, TCUDS, RANT

Veterans JMARC

County	Buncombe	Catawba	Cumberland	Forsyth
Court Name	Buncombe County Veterans Treatment Court	DCJ-36 Veterans Treatment Court	N/A	Forsyth County Veterans Treatment Court
Date of Implementation	December 2015	June 2021	July 2015	October 2016
Length of Operation	5-10 years	2-5 years	5-10 years	5-10 years
Does your court have JMARC Advisory Committee?	Yes	Yes	Yes	Yes
Does your court allow the use of MAT or MOUD?	Yes	Yes	Yes	Yes
Has your team attended trainings?	Yes	Yes	Yes	Yes
Has your court completed a recidivism study?	Yes	Yes	No	No

County	Buncombe	Catawba	Cumberland	Forsyth
If yes, what were the results?	Of the high-risk/high-need population, recidivism is approx. 20%	13 graduates with zero recidivism. Currently seven who exited the program; two due to lack of engagement and recidivated within eight months; two due to the court being unable to handle their mental health issues and recidivated within 3 months; one due to charges being dismissed, they recidivated within one month; one due to case transfer to another VTC and they recidivated within 3 months.	N/A	N/A
Has your court completed a cost savings study?	No	Yes	No	No
If yes, what were the results?	N/A	Within six months the CCVTC saved the county over \$500,000 in incarceration fees as well as brought more than \$500,000 in income due to VA disabilities.	N/A	N/A
How is your court funded?	Buncombe County Commissioners voted to have the Coordinator salaries be a line-item, falling under Justice Services. The other costs are covered under a BJA Grant.	Federal funds	State JMARC and federal funds	Court Coordinator position is a Deputy Clerk. VTC is under a 4-year BJA grant as of 1/1/2024, which supports various enhancements like a full-time Case Manager, part-time Mentor Coordinator, Independent Evaluator, drug testing, RANT tool, travel, training, and bus passes. The VTC also has a non-profit, Veterans Treatment Court, Inc., which provides direct support for costs the BJA grant doesn't cover.
If funding is time-limited, when will it end?	January 2027	September 2026	July 2025	December 2027

County	Buncombe	Catawba	Cumberland	Forsyth
What screening and assessment tools are you using in your court?	RANT	ORAS, dast 10 score, smas 13, life event check list version 5 (DSM-5), social determinacy of health, WHO-5, PHQ9, Adult offender trait inventory	SASSI - Substance Abuse Subtle Screening Inventory	With the incoming BJA grant, the VTC will use RANT which is recommended by the National Drug Court Institute (NDCI). This will eliminate any subjectivity in the screening process and equity. The target population is High-Risk/High-Need Justice Involved Veterans (JIVs).
What offense class charges does your court enroll?	DWI levels 1 and 2; Misdemeanors A1, 1, and 2; Felonies A-G and H&I	DWI levels 1 and 2; Misdemeanors A1, 1, and 2; Felonies H&I	DWI level 2; Misdemeanors A1, 1, and 2	DWI levels 1 and 2; Misdemeanors A1, 1, and 2; Felonies A-G and H&I

Summary Data

To the extent that the survey response data can be combined and anthologized, Table 1 represents such data from all 61 survey responses, which accounts for all 63 JMARC. Note that these data include responses from all six types of recovery courts, which may differ by types of participants, level of charges, stage of implementation, etc., thus, some questions may not be applicable to all JMARC.

Table 1

Survey Response Compilation from Judicially Managed and Accountability Courts (Reporting period Oct.-Dec. 2023)						
Survey Question	Adult	Mental Health	DWI	Veterans	Family	Youth
