EFILING PROCESS IN FILE & SERVE

Overview

The North Carolina Administrative Office of the Courts (NCAOC) is transitioning all counties to a new online eFiling system known as File & Serve (OFS), which integrates with the Enterprise Justice (Odyssey) case management system that will be used by judicial staff. Department of Social Services attorneys, paralegals, social workers and others submitting filings on behalf of the county DSS must be registered to a Firm Account for the county DSS at <https://efilenc.tylertech.cloud/OfsEfsp/ui/landing> in order to begin filing into cases once the specific county is live with Enterprise Justice. This document details the process of initiating a Juvenile Abuse/Neglect/Dependency case using the File & Serve system.

Business Process Changes

As NCAOC transitions to eCourts, all initial and subsequent filings for Juvenile Abuse/Neglect/Dependency cases will be submitted via File & Serve. The clerk will review all submitted filings and, once accepted, the uploaded documents will either initiate the case record in Enterprise Justice or be added to an existing case file. Upon submission, the filer will receive an Envelope Number that can be used for tracking purposes along with an email that contains important information about the filing. Once the filing is reviewed and accepted by the clerk, the filer will receive an acceptance email that includes the assigned case file number and a link to a file-stamped version of the filing, if the filing was a case-initiating filing.

Users will access the case file through the eCourts Portal: <https://portal-nc.tylertech.cloud/Portal/> Due to the confidentiality of juvenile cases, users must be granted “Elevated Access” to view juvenile case files to which they are a party. For more information on Portal and “Elevated Access” visit www.nccourts.gov/ecourts.

Initiating a Juvenile Abuse/Neglect/Dependency case filing with an unsigned (proposed) Order for Nonsecure Custody

- a. To begin filing, click the **Start Filing** button on the OFS Dashboard.

- b. To establish the new case file, click **Start New Case**. **IMPORTANT: If filing petitions for multiple siblings, a new case must be initiated for each child, even if all siblings are listed on the same petition. Subsequent filings that include all siblings on one document may be filed into one case but must include a comment from the filer that requests the document to be copied to the other sibling files in the "Comment to Court" section of the filing. The comment should also include the sibling(s)' file number(s).**

- c. Select the **Filing Location** (<Desired County> District Court), **Case Category** (Juvenile – Family) and **Case Type** (Juvenile – Abuse/Neglect/Dependency) on the Case Information tab.

- d. On the **Parties** tab, add party information by clicking on the **+ Add party details** icon beside **Juvenile DSS**. Juvenile A/N/D cases must contain a **Juvenile DSS** party, with only one **Juvenile DSS** party per case. Please include as much information about the juvenile as possible (do not include SSN) and click **Save**. **NOTE: Juvenile DSS** is the generic party role for JA/JT cases (even JT cases filed privately) and does not necessarily mean the juvenile is in DSS custody.

- e. Click + **Add More** to continue adding additional parties. **Do not add any attorneys as parties, the clerk will complete this task in Enterprise Justice- Odyssey.**
