EFILING PROCESS IN FILE & SERVE

Overview

The North Carolina Administrative Office of the Courts (NCAOC) is transitioning all counties to a new online eFiling system known as File & Serve (OFS), which integrates with the Enterprise Justice (Odyssey) case management system that will be used by judicial staff. Division of Juvenile Justice and Delinquency Prevention Court Counselors and Supervisors must be registered to a Firm Account at <https://efilenc.tylertech.cloud/OfsEfsp/ui/landing> in order to begin filing into cases once their specific county is live with Enterprise Justice. This document details the process of submitting a filing into a Juvenile Delinquency/Undisciplined case using the File & Serve system.

Business Process Changes

As NCAOC transitions to eCourts, all initial Juvenile Delinquency/Undisciplined filings (new petitions) will continue to be filed over the counter with the clerk. Each individual petition will initiate a new case file and will be assigned a unique case number. All subsequent filings into JB cases will be submitted via File & Serve, including proposed Secure Custody Orders, Predisposition Reports, Motions, etc. The clerk will review all submitted filings and, once accepted, the uploaded documents will be added to the established case file. Upon submission of the filing, the filer will receive an Envelope Number that can be used for tracking purposes along with an email with important information about the filing. Once the filing is reviewed and accepted by the clerk, the filer will receive an acceptance email that includes a link to a file-stamped version of the filing, if the filing requires a file-stamp.

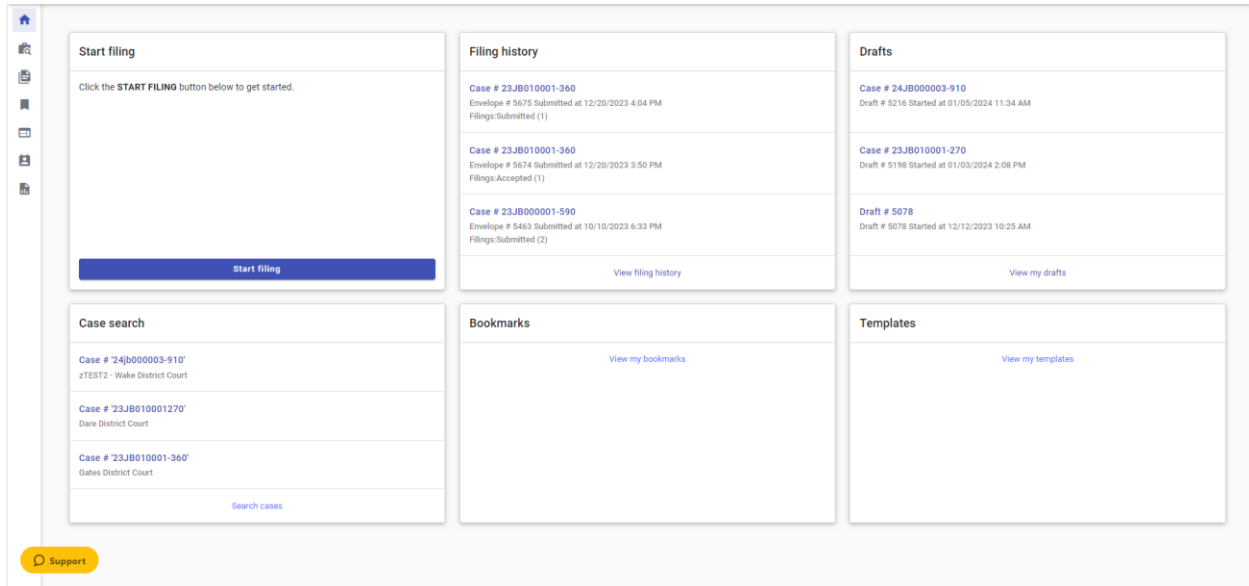

Users will access the case file through the eCourts Portal: <https://portal-nc.tylertech.cloud/Portal/>. Due to the confidentiality of juvenile cases, users must be granted “Elevated Access” to view juvenile case files to which they are a party. For more information on Portal and “Elevated Access” visit www.nccourts.gov/ecourts.
